

TIM IDM SCHEMAS

This document contains the 3 IDM schemas of the Tim Website project: C-IDM, L-IDM and P-IDM.

We used the prototyping tool “Pencil” to make the inherent mockup.

Additional assumptions

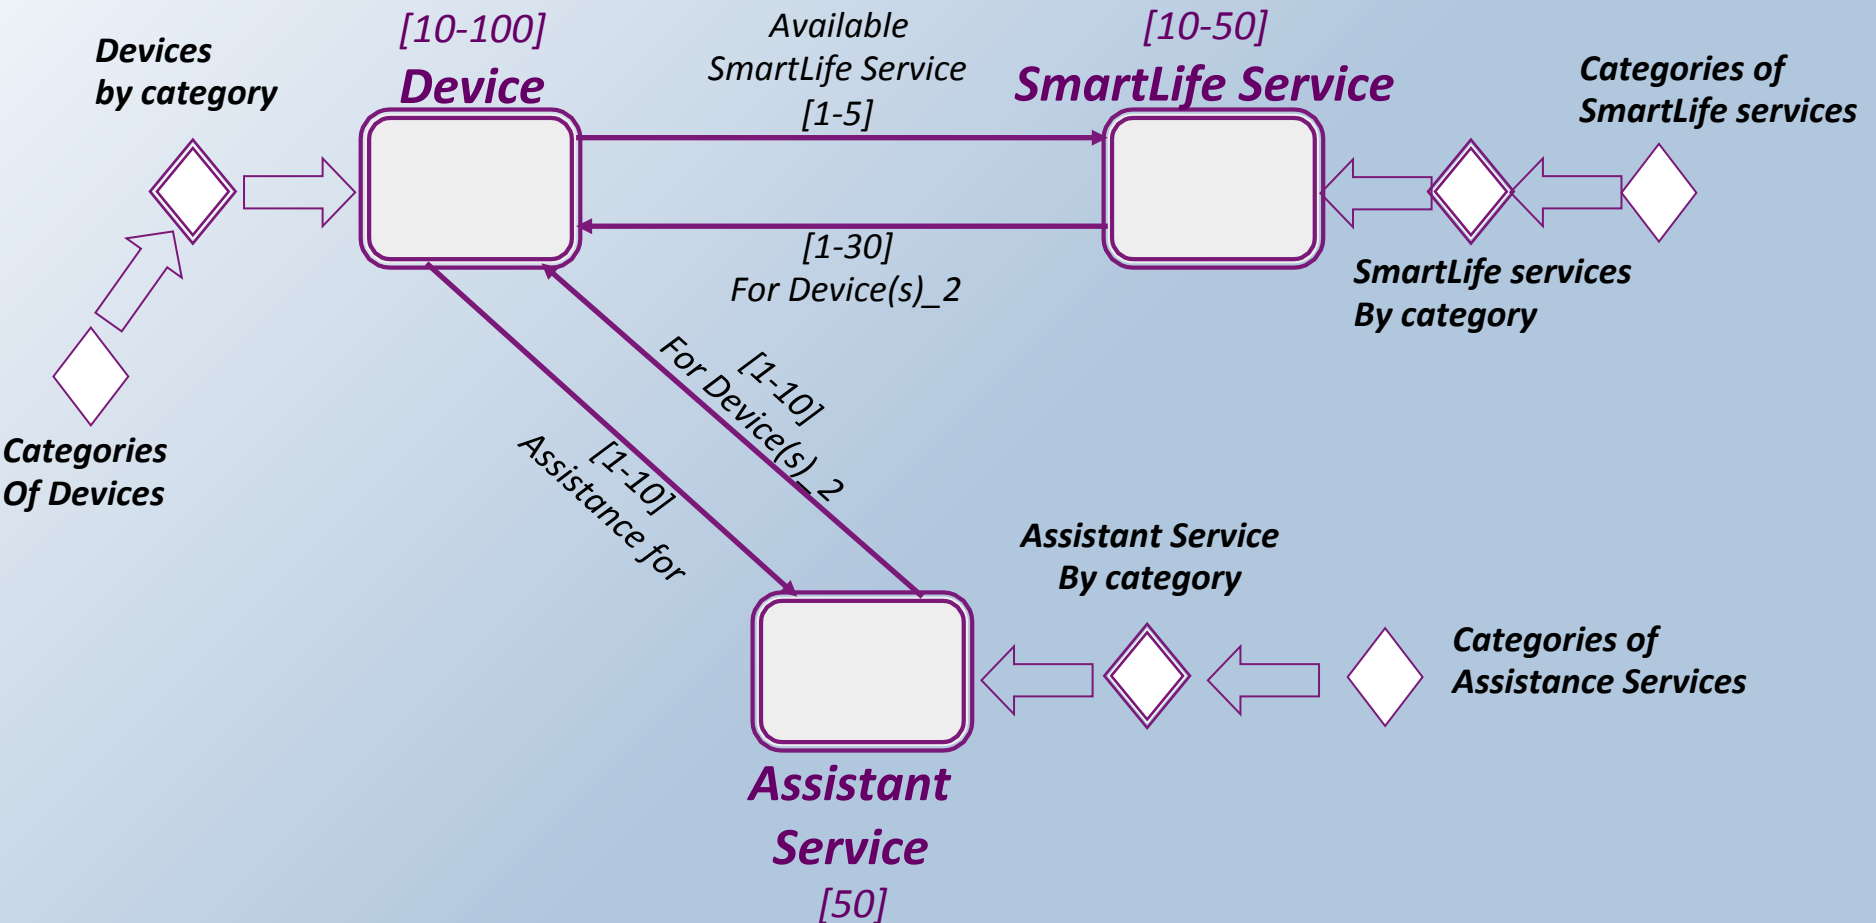

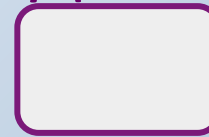

- we have decided to insert promotions category into device categories.
- This category contains only the device in promotion.
- Instead, the highlights category we included among the categories of assistant service.
- This category contains only the most used AS.
